Encl: (1) Navy Commercial Access Control System *RAPIDGate* Program Enrollment Information

1. Effective 1 October 2011, Norfolk Naval Shipyard (NNSY) will be implementing significant changes to its access procedures to increase the security posture of the installation. In accordance with reference (a), upcoming changes are being directed by Commander, Navy Installations Command (CNIC). NNSY is aligning its policies and procedures to be in compliance with these requirements. These new procedures will directly impact vendors, contractors, sub-contractors and service providers who regularly access NNSY. Our priority is to maintain a safe and secure installation and offer a solution that will also provide streamlined access onto the installation, to include Scott Center and St. Juliens Creek Annexes.

2. To summarize the impact: The current NNSY Color Badges (White, Yellow, Red and Green) will no longer be valid forms of identification for anyone needing access through the perimeter gates. Contractors with company vehicles or without CAC cards requiring access into the Controlled Industrials Area (CIA) will require one credential for access onto the installation (Day Pass or *RAPIDGate* Credential) and one credential for access into the CIA (Red, Yellow or Green) badge areas. To gain streamlined access onto the installation, we encourage you to review the benefits of the Navy Commercial Access Control System (NCACS) *RAPIDGate* Program. Below are the details about the changes and how to gain streamlined access onto the installation through the NCACS *RAPIDGate* Program.

a. Access Privilege Management

Credential Type	Valid After 1 Oct	Access to CIA
NNSY White Badge	No (After 1 Oct)	No
NNSY Green Badge	No (After 1 Oct)	Yes
NNSY Yellow Badge	No (After 1 Oct)	Yes

Subj: ACCESS CONTROL CHANGES

Credential Type	Access Available	Access Status
NNSY Red Badge	No (After 1 Oct)	Yes
RAPIDGate Credential	Yes (available now)	No
Day Pass	Yes (available now)	No
Common Access Card(CAC)	Yes (available now)	No

b. Personnel who choose to participate in the NCACS *RAPIDGate* Program may have streamlined access onto the installation. This will be the only long-term credential issued for installation perimeter gate access. Access will be allowed during the times needed to perform business on the installation.

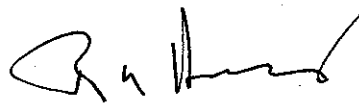

c. After 1 October 2011, NNSY color badges (white, red, yellow and green) will no longer be issued or accepted for installation perimeter access. If a *RAPIDGate* credential is not used, the only other option for access of contractors with company vehicles or a CAC is Day Passes.

d. The NCACS *RAPIDGate* Program provides the accepted background checks and may be a time/cost savings benefit to companies desiring to conduct business on NNSY.

3. The *RAPIDGate* Program is planning to provide streamlined access onto the installation. To enroll, please follow the guidelines in enclosure (1), *RAPIDGate* Program Enrollment Information. Questions about the NNSY *RAPIDGate* Program should be addressed to [info@rapidgate.com](mailto:info@rapidgate.com) with the subject line RE: *RAPIDGate* Program.

4. Your participation in the *RAPIDGate* Program is strongly encouraged per reference (a). It should assist in streamlining access for your employees, improving the ability of our access control personnel, and maintaining higher levels of security and efficiency.

5. The Navy and NNSY appreciate your continued support of our efforts to make this installation safer and more secure. NNSY POC is Mr. Cedell Jennings at Pass and ID office, (757)396-7865, [Cedell.jennings@navy.mil](mailto:Cedell.jennings@navy.mil)
